- We are NZ's market leader with the largest stocked range.
- We source only the latest ranges and trends from Italy, Spain and around the world.
- Our trained consultants understand about tile and design and will help you create your dream space be it your bathroom, living room, kitchen, feature wall, pool or patio.
- We have a store near you with 32 stores nationwide.
- We import all our ranges so we only offer first quality product covered by our 10 year Guarantee.
- We have the best range of timber tile - economical and hardwearing for all living spaces.
- We are the industry experts and we make design and selection easy.
- Being industry experts, we understand not all tiles are created equal. We do not import 'commercial choice' or 'run of kiln' tile. We also do not import tiles branded 'porcelain' which have a water absorption of between 1-3%. *Genuine* porcelain has a threshold of 0.5% and anything above this compromises the quality of the tile.
- We batch-control our product lines.
- Our DNA is to deliver exceptional quality products and unparalleled customer service, and we spare no effort to achieve that goal.

This realistic timber range emulates the beauty of wood with knots suitable for living areas, hallways, kitchens, bathrooms and spaces that call for the warmth of timber without maintenance.

Timber-Inspired Tile

Timber has long been a coveted look for floors but has the added worry of damage from pets, high heels, and scratches, along with fading and water absorption. For this reason, timber-look tile continues to attract. Given its ability to look warm and inviting in living areas, foyers and in a full bathroom with both walls and floors, it's not surprising that wood-inspired tile is a popular choice for architects, designers, builders and renovators. It's also the perfect option for underfloor heating in Bathrooms and all living areas.

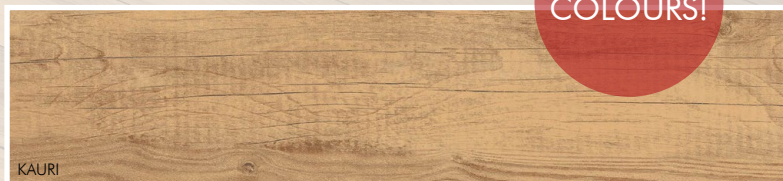

Tile Warehouse has the largest selection of timber-inspired tile in the country.
